MICHAEL ALEXANDER CHUNG
WEB DEVELOPER

Panama City, Panama -+507 6321-2300 - michael061195@gmail.com - www.linkedin.com/in/michaelchs/

I recently became a Web Developer looking for a change in life, eager to enter the world of Tech and develop my skills even further and become a full-stack developer.
With a background in the field of Architecture, I obtained various skills that made me a professional but made me realise that I wanted a change in the path I was taking for life.

SKILLS

Skills: Ruby On Rails, HTML, CSS, Javascript, React, Bootstrap, Figma, Photoshop.
Soft Skills: Communication, time management, adaptability, quick learning.
English International Level Classification: B2.

PROFESSIONAL EXPERIENCES

Mallol & Mallol Architects   (2022-2024)
Jr Architecture Designer
- Collaborated closely with different teams to achieve a shared objective and reach the deadline on time
- Adoption of new emerging technologies to facilitate the work and cut times of developing and production
- Continuous improvement through ongoing learning

EDUCATION

Web development Certification (2024)
Le Wagon Bootcamp
- We have designed, implemented and sent an exercise app and an art market app to production.
- 400+ hours of web development program that consisted of learning programming basics using different frameworks and programs such as Ruby on Rails, HTML, CSS, Javascript and teamwork environments like Github.
